We would like the County's permission to have our vendor/state employee hang two signs on the building owned by the County. Our plan is to hang one on the brick near the front door and to hang one on the exterior door on the front side of the parking lot at the end of the building.

Here is the type signage we will be hanging:

ALUMINUM 040-  
Sides: 1  
Height: 0 Ft 18 In  
Length: 0 Ft 24 In  
1 Color(s): 4 Color Print Process Accessories: 2 EA HOLES;

Thanks in advance for your approval to hang these two signs.

We need to modify an existing outlet to support a new copier we are getting in Room 117. The state will pay for the upgrade of electrical services and manage and oversee the project. Thanks in advance for the County's approval to modify the one outlet in this room to support this new copier.

If you need anything further please let me know.
