TO: Titus County Commissioners Court

FROM: Dennis Newman  
Newman Electronics, LLC

DATE: October 23, 2014

SUBJECT: Install 8 cameras and DVR in Titus County Courthouse Annex new expansion offices.

- 1) Supply and install one Toshiba 16 camera Hybrid DVR with 4 TB (terra-byte) hard drive. Same type as currently in court house, and annex. Install 20" LCD monitor. Coordinate with IT personnel to connect to internet. This would be a secure connection with only authorized personnel having site information and password access. Program computers in bailiff's and sheriff's office to allow viewing of this system for added security.
- 2) Install two cameras in the front section of hallway with high resolution varifocal lens in order to get a view of people in hallway. One from each direction on each end.
- 3) Install two cameras in the rear section of hallway with high resolution varifocal lens in order to get a view of people in hallway. One from each direction on each end.
- 4) Install two high resolution IR (sees in total darkness) dome cameras in west rooms designed for storage of voting equipment.
- 5) Add one IP camera in weatherproof housing to view rear parking lot. This would be the same type of camera currently used to view eastern areas of that parking lot.
- 6) Add one high resolution tamper resistant weatherproof IR dome camera to view the outside area of rear door. This camera would view people entering door from the outside or trying to tamper with that door.
- 7) Install 20" monitor near DVR, 16 camera power supply, 8 port gigabit switch, and UPS battery back up to support system during power surges and power failures.

Total cost of this project would be \$9,420.00. One half is due at acceptance of job and the remaining half is due on completion of job.

**Supply a one-year parts and labor warranty on the installed equipment. All warranties exclude lightning, power surges, brown outs, other acts of God, and customer/employee abuse or neglect.**

Thank you for the opportunity to bid on this improvement to your facility.
