

**OFFICE RELOCATION REQUEST**

**OCTOBER 27, 2014**

**REF. COUNTY VETERAN SERVICE OFFICER**

**Judge/Commissioners;**

**The County Veteran Service Officer does hereby request to return to office #103 on the 1<sup>st</sup> floor.**

**With the opening of space resulting from the move of Adult Probation to the Annex Complex across the street, the CVSO would request to move back into the office that was occupied by the previous CVSO, Mrs. Opal Keesee. With the passing of Mrs. Keesee in late 2009, Adult Probation took over her office space and the CVSO was moved to the basement/storage area, which at one time had been the office of the Environmental Enforcement Officer. Many veterans still have difficulty finding the present office, even after being given directions, saying, "well I remember that it used to be on the first floor at the North end, I've been all over trying to find you" ...**

**The return to #103 would also provide close access to the lobby display case utilized by both the CVSO and the Titus County Historical Commission. This would allow for easier display case theme change out for public viewing and to the North flagpole for Ceremonial Flag Displays.**

**The Titus County Historical Commission would also benefit from this move by allowing display of some artifacts that have been or may be donated to the TCHC.**

  
**Steve Austin;**

**CVSO/TCHC**
