

ADVANCE ALARM AND ELECTRONICS, INC FIRE AND SECURITY CONTRACTORS SINCE 1985

Judge Brian Lee,

Advance Alarm and Electronics Inc recently did our annual fire alarm inspection on your courthouse annex located 105 West 1st street Mount Pleasant TX. As we started our inspection the fire alarm control panel was in trouble with every light on and as we tried to correct the issues we concluded that the system was beyond repair. That Fire alarm control panel is around 20 years and the company no longer supports repair or replaceable parts for that model. WE are left with the option to replace the panel at a cost of around \$1800.00 and then move forward with our inspection to see what else if any issues there are in that building. If the county chooses not to repair the system we have no choice but to red tag the system as inoperable and notify the state and local agencies. Please let me know if we need to sit down and discuss these issues further.

Again thank you

Zac Blount
