

To whom it may concern

HERE ARE SOME NUMBERS FROM 2010 TO PRESENT TIME,
REGARDING THE HAUL TRUCK.

	DAYS USED	# OF LOADS
2010	50	299
2011	44	239
2012	28	166
2013	24	113
2014	42	233
2015	32	195

THE LOWER NUMBERS WERE DURING DROUGHT AND
HAD GOTTEN SEVERAL TONS OF FREE IRON ORE FROM STATE.
THEY HAULED SOME OF IT THEMSELVES.

BASED ON THE \$150.⁰⁰ A DAY FOR 2014 & 2015 = \$11,100.⁰⁰

PRICE BASED AT \$250.⁰⁰ PER LOAD = \$107,000.⁰⁰

Got this number from a PRIVATE OWNER.

PRICE AT \$200.⁰⁰ PER LOAD \$85,600.⁰⁰

THIS IS A NUMBER I HEARD AT Friday's meeting.

If you go this route someone will have to stay
at yard all day to sign tickets and keep pile
pushed up.

In my opinion the truck has more than paid
for itself. And will continue to do so.
