

*Kerry Michael "Mike" Fields
Titus County Commissioner Precinct 2
Mount Pleasant, Texas 75455*

I, Mike Fields, will aid and assist the Tri-Lakes Volunteer Fire Department with the sum of \$3,733.26 from the Precinct 2 budget. This money will be used to make a payment for the new building extension to the fire department.

Tri-Lakes VFD has been a great assistance to Precinct 2 following storms by removing trees from roadways and alerting the precinct to flooded roads.

Re: Titus County Assistance to Tri Lakes VFD

Commissioner Fields and I have discussed Tri Lakes Volunteer Fire Department needing assistance to make payment on new building extension. Commissioner Fields states that he would be willing to assist our department with this payment since we voluntarily go out after storms and floods to run the roads in our area. If trees are small enough we cut them up and remove them to open up roads. If trees are too large we contact Commissioner Fields. We also close flooded roads and contact him.

This would be a blessing for our department if we could get this assistance. It would allow us to buy more equipment and do truck upkeep. Our yearly building payment is \$3,733.26 and is due on April 8, 2016.

Any help we receive would be greatly appreciated.

Best Regards

Jerry Ward

Fire Chief

Tri Lakes VFD
