Subject: 3rd floor room

Judge,

3rd floor room - I can move some of my money around in Community Programs, so I will have the money in the budget to redo all of the room, paint and supplies, (we will do the painting), We are going with Light Green and Light Beige; Carpet and baseboards - (so can we pick out the color of the carpet?) I will get samples of what I would like and get your approval. David (our custodian) thought the carpet squares would be a good idea and he can install for me. I have emailed Seth with Kabro about the internet access and running lines if needed. Just need to get Seth with telephone to see if that phone line down there works so I will get that started next week.

I think we are good to go on the room with no cost to the County.
