2021-820	04:48	05:06	False Alarm	MPFD-M	1 Command, 2 engines, 1 quint and 10 firefighters. Nursing home.
2021-821	05:01	09:20	Structure	Cookville	MPFD sent 1 command, 1 engine, 1 air supply and 7 firefighters. All VFDs except Sugar Hill sent apparatus and personnel. MPFD had to make a rescue of the occupant with only 5 MPFD firefighters at the time. There were not enough firefighters to make the rescue and continue the fire attack so the fire attack was abandoned which increased the risk for the firefighters making the rescue. None of the VFDs had arrived when the rescue was made. If the incident above had been a working fire, MPFD would not have been able to respond and this call would have had to be handled by the VFDs who did not have the personnel trained for it.
2021-824	05:03	06:02	Vehicle Fire	MPFD-M	MPFD sent 1 command, 1 engine, 1 brush and 5 firefighters. Found a pickup truck fully involved in the front yard of the house.

2021-834	05:01	06:53	Vehicle Accident	MPFD-M	MPFD sent 2 command, 1 engine, 1 rescue and 7 firefighters. A school bus had stopped and unloaded the last student. A car with 4 adults and 2 children ran into the back of a pickup with 2 occupants that had stopped for the bus and knocked it into the bus. Everyone were out of the vehicles so no extrication was required. However, one of the children, an 8-month old baby, was in critical condition and MPFD help care for it.
2021-835	05:01	06:53	Vehicle Accident	MPFD-M	This occurred at the same time as the one above only 300 yards to the east. Involved a passenger car with one occupant running into the back of a pickup truck with 2 occupants. All occupants were able to get out of the vehicles on their own with minor injuries. If the bus had been full of children and were injured, the occupants of the other vehicles involved in the bus wreck and this one had have been seriously injured and/or needed extrication, there would have not been enough resources on scene to handle the situation.
