Security Cameras

09/12/2022

OVERVIEW

With the current problem of law suits for any interaction with law enforcement(courtroom security), juvenile and adult probation. I feel that cameras are needed for all officers.

GOALS

1. To have a documented copy of any alleged complaints or incidents.
2. To prevent any lawsuits, civil rights violations or allegations.

SPECIFICATIONS

PatrolEyes PE-DV5-2 1296p

GPS infrared Wide Angle Police Body Camera 32g.

\$370.00 per camera x 15 units total \$ 5550.00

2 for County Court Security

3 for District Court Security

5 for Juvenile Probation

5 for Adult Probation

Conclusion

As for storage for any downloads, I talked to Seth and he advised they could add a file to store any downloads. He said he could make a folder for the 5 different departments to use. This I think would be a preventive measure for any allegation of any officers. And to have a record of any incidents.

Thanks

Bailiff Woody Hughes
