If this report shows that units were available for call but not dispatched as agreed to for the call then the City of Mount Pleasant shall be in default of the agreement and shall incur a \$1,000 penalty. The second such violation and each subsequent violation within a contract year shall incur a \$2,500 penalty. These penalties shall be taken out of the current years contract payments unless they exceed payments due in the current contract year. If this occurs, they next year's contract price shall be reduced by the amount of the penalties.
